Sheriff's Report

- Per Dan, the ability for lateral hires has been successful to date, allowing the sheriff's department to be fully staffed.
- Holly asked Dan how reliable numbers reported on crime, drug related crimes, overdoses, etc. Per Dan the numbers are very subjected and individual. Each case is confirmed and verified before each report is finalized. Dan is confident on the numbers reported.

EMA Director's Report

- Tony provided an update on the recent storm which affected parts of Clinton County including the lake area and businesses affected in the area. Although damage was reported in certain areas, no injuries were reported.
- The use of IRMA was recently requested by Washington County to assist authorities to locate a missing person. The vehicle's computer was recently upgraded by Micah.
